Dear Vendors:

The following are the 2021 Application and Vendor Rules for Hudson Old Home Days which will be held on Thursday, August 12 through Sunday, August 14.

Please be completely aware that Hudson Old Home days is a **four day event**. Vendors must be open and onsite for all four days. **Homemade Craft vendors, once approved by committee can be only set-up Friday, Saturday & Sunday** Please read the vendor rules sheet for a complete listing of set-up times and hours of operation. Please read the Vendor Rules as they have been updated and/or modified.

Electricity is included in your space fee. However, you must bring your own grounded extension cord of at least 100 feet or more. Any light bulbs must be covered as well; no bare or exposed bulbs are allowed per the electrical code.

Special Electrical Need: If you require specific electrical hook ups or equipment, you must schedule an appointment and hire your own NH Licensed Master Electrician, per the Hudson Fire Department and State of NH. **You hire your own licensed electrician at your own expense.**

You also provide your own tent/shelter, tables and lighting (again, light bulbs must be covered). All tents must be staked into to the ground and be anchored within the selected space. This is a rain or shine event. Certificates of Insurance may be requested.

Applications and Deposits should be sent early to reserve your spot. Final Payments are due by July 31st.

Again, this year we have a procedure for those wishing to put on demonstrations. Spaces will be filled on a first come, first served basis. For every 30 minute spot (which includes set-up and take down) there will be a \$20 fee. You do not need to be a vendor to do a demonstration.

We sincerely hope to see all the old faces and some new ones this year at Hudson Old Home Days.
